

## LAW AND ORDER REIGNS GALVESTON

Work of Cleaning Up Ruins  
Goes On Fast As  
Possible.

## RELIEF FUND GROWING

It Is Likely the City Will Be  
Rebuilt—Nearly All  
Churches Gone.

## NO COUNT OF DEAD POSSIBLE

Galveston, Sept. 14. Special Telegram.—While the relief committees are busy caring for the living and burial parties burning the dead, the substantial men of the city this morning began seriously the task of rejuvenation.

Orders have been received from the Southern Pacific to immediately begin the construction of the double track steel bridge across the bay ten feet higher than the old wooden structures. Engineers started the survey at once.

The fund for the relief of Galveston now approximates over \$500,000 most of which is in the hands of Gov. Sayers. The newspaper relief trains arrived during the night and the supplies were taken across the bay today.

The criminal classes have been effectually squelched. System is coming out of chaos rapidly. Law and order prevails.

### Soldiers Are on Guard

Washington, Sept. 14. (Special Telegram).—Gen. McKibben telegraphs from Galveston that the conditions are improving every hour; repairs to waterworks will tomorrow insure a water supply; provisions enough for thirty days received; dead bodies being burned and general sanitary regulations being enforced rigidly and the city is under perfect control. McKibben's first estimate of the loss of life has increased. Forts San Jacinto and Travis are completely wrecked.

### Other Towns Need Attention

Dallas, Sept. 14. [Special Telegram].—Now that Galveston has received proper attention, the suggestion is made that relief ought to be sent to the devastated coast country where hundreds of lives were lost and millions of property swept away in the region bordering on the upper half of the gulf and extending back into the country a hundred miles.

Dire distress exists in these swamps. Fully fifty small towns without communication should be looked after. As the waters recede new horrors will be exposed.

Governor Sayers this morning ordered goods shipped to Richmond, Angleton, Belasco and Alvin. Two thousand are homeless in Brazoria county.

## TEXAS DEAD GIVEN TO FLAMES

Work of Bringing Order Out of Chaotic Ruins in Galveston

Galveston, Tex., Sept. 14.—Four hundred bodies, mostly of women and children, were given to the flames today. They were unrecognizable and had been gathered from the surf, from houses, and the ruins of asylums.

All idea of a systematic count of the dead having been abandoned, the citizens and relief committees are at work trying to restore order and anticipate pestilence.

The most pressing needs of the destitute living have been attended to, and all those who cannot assist in the work of saving the remainder of the city are being shipped to the mainland and from there taken by train to Houston.

### All Robbery Stopped

Looting and robbery is practically all stopped by the arrival of regulars, who are acting under strict order and will allow no trifling.

Estimates made by men familiar with the town figure 1,300 acres as the area that has been wrecked and which will have to be rebuilt almost entirely.

The bridges from the island to the mainland are complete wrecks. Some parts of the railroad bridges may be used for new structures, but the wagon bridges are gone for good.

The churches of the city suffered heavily and nearly all of them will need rebuilding.

### Find Slaters Dead at Posts

Instances of individual heroism and devotion to duty are coming to light. In the ruins of the Catholic Sisters' Orphan Asylum it was found that the sisters had tied themselves to groups of eight children each and perished with them.

### Big Ships Now Inland

Two of the ships that were in the harbor are so far inland that it will be necessary to dredge out long channels through the sand to get them out if they are to be saved.

Twenty-eight of the soldiers of Bat-

tery O at the government works were killed, and, according to the reports of government officers, the fortifications are practically useless.

### No Ports for Arriving Ships

Vessels from foreign countries are arriving here, but can find no piers or docks to land at, and are hanging off until they receive orders for the disposal of their cargoes.

### Cremate Dead in Ruins

The path of the storm lies directly across the island, and as fast as bodies are found under the debris squads are told off to burn the ruins with the dead in them, and then lime is scattered about freely.

Along the beach it is almost impossible to tell whether the bodies coming ashore are victims yet uncounted or whether they are dead buried at sea and floating in.

### Question of Rebuilding

The question of rebuilding the city or abandoning it has supporters for both contentions, but the energy with which the work of restoration goes on is a strong argument in favor of rebuilding.

The radical changes in the coast line and soundings in the bay and off shore will necessitate a resurvey of the entire neighborhood. In some places the shore line is moved back several hundred yards.

### Order Restored By Troops

The presence of the troops has had a beneficial effect upon the criminal classes and the apprehension of a brief but desperate reign of anarchy now no longer exists.

The liquor saloons have at least temporarily gone out of business, and every strong-limbed man who has not his own humble abode to look after is being pressed into service, so that, first of all, the water service may be resumed, the gutters flushed, and the streets lighted.

### Bodies in the Ruins

The further the ruins are dug into the greater becomes the increase in the list of those who perished as their houses tumbled about their heads. On the lower beach yesterday a searching party found a score of corpses within a small area, going to show that the bulk of the debris that lies straight across the island conceals many more bodies than have been accounted for.

Volunteer gangs continue their work of hurried burial of the corpses they find on the shores of Galveston Island at the many neighboring points where fatalities attended the storm. It will probably be many days, yet, however, before all the floating corpses have found nameless graves.

### Bodies Found on Beach

Along the beach they are constantly being washed up. Whether these were swept out into the gulf and drowned or are simply the return ashore of some of those cast into the sea to guard against, terrible pestilence there is no means of knowing.

In a trip across the bay yesterday there were counted seven bodies tossed in the waves, with a score of horses and cattle, the stench being almost unbearable. In various parts of the city the smell of decomposed flesh is still apparent. Whenever such instances are found the authorities are freely dissectioning.

Only today a babe lashed to a mattress was picked up under a residence in the heart of the city and was burned.

## TO START WINDOW FACTORIES

Nearly All the Independent Concerns Will Resume Soon

Pittsburg, Sept. 14.—President C. P. Cole of the Window Glass Manufacturers' association of the United States has completed arrangements for the starting of almost all the independent window factories within the next ten days. Most of the plants have signed the scale of the blowers and gatherers opposed by President Simon Burns of the Window Glass Workers' association, and President Cole is assured that a large majority of the 850 pots in the association will be started with practically full crews. The trouble between the combine and the workers has not yet been settled.

## TO CEASE WORK TWELVE DAYS

Manchester Spinners Expected to Agree to This Plan

Manchester, England, Sept. 14.—The general committee of the Master Spinners' Federation has issued a circular advising members of the local associations to cease work for at least twelve days in October. Answers are requested to be sent before the adjourned meeting of the federation takes place Sept. 21. The answers are expected to be practically unanimously in the affirmative.

## PINK CARNATION REPUBLICAN BADGE

President McKinley's Favorite Flower is Adopted by the National Committee.

Chicago, Ill., Sept. 14.—The pink carnation is to be the badge of the republican national campaign. The pink carnation is President McKinley's favorite flower and this fact induced Dr. J. B. Nevitt of Washington, D. C., to write to Perry S. Heath, chairman of the National Campaign Press committee, suggesting that it be declared the republican party's national emblem for this campaign. Mr. Heath referred the matter to Chairman Hanna and that official approved the selection.

## DECIDED SUCCESS OF STATE FAIR

30,000 PEOPLE ROAMED OVER  
GROUNDS YESTERDAY.

Feature of the Day Was the Derby Which Was Run By Riders Representing the Various Clubs of the City—Won By the Carleton Club Jockey.

Milwaukee, Sept. 14.—The attendance at the state fair yesterday was the largest since the fair has been held in its present location. President McKerron and Secretary True felt jubilant over the rope outlook. With today's receipts the management will be placed well out of debt, and what is taken will be clear profit.

It was Milwaukee day, and Milwaukeeans to the number of 35,000 poured through the gates. The feature of the day was the Derby, which was run with gentlemen riders representing the several clubs of the city. This attracted a large crowd of society people and created intense enthusiasm. The riders and their mounts were:

Elks—Purple and white, Dr. F. W. Heinemann, weight 170 pounds; mount, Frank, sorrel gelding, 1,000 pounds.

Calumet Club—Red and orange, Geo. Schultz, weight 155 pounds; mount, Billy Boy, white gelding, 950 pounds.

Iroquois Club—Pink and blue, George Lingbach, weight 140 pounds; mount, Kittie L, chestnut mare, 850 pounds.

County Club—Orange and green, Clarence R. Falk, weight 155 pounds; mount, King Calico, chestnut horse, 900 pounds.

Deutscher Club—Black, red and gold, William T. Taylor, weight 155 pounds; mount, Rattler, sorrel horse, 1,000 pounds.

Millcreek Club—Yellow and purple, Philip Young, Jr., weight 155 pounds; mount, Topsey, sorrel mare, 1,050 pounds.

Carlton Club—Purple and gold, Thomas W. Dunbar, weight 135 pounds; mount, Cladins, chestnut horse, 550 pounds.

Yacht Club—Red, white and blue, Ed O. Oliver, weight 155 pounds; mount, Queen Bessie, roan mare, 750 pounds.

There was plenty of excitement prior to and during the race. Mr. Falk's horse before the flag was dropped, broke away and ran the entire circuit of the track. Mr. Dunbar thought it was a start and kept up with Falk. When the flag was dropped Mr. Falk led the field, but in going around the turn went wide and gave other riders a "chance to get inside of him, which they were, not slow to take. Mr. Dunbar rode a good race and won handsily, with Mr. Schultz second, Mr. Oliver third and Mr. Falk fourth. The time for the half mile was 55 seconds. Coming down the stretch Dr. Heinemann was thrown but he escaped uninjured.

When Mr. Dunbar dismounted his fellow members of the Carlton club took him upon their shoulders and carried him in front of the grand stand with the handsome trophy in his arms. In addition to the Derby there was a fine card of races that kept the occupants of the grand stand and inclosure in a state of liveliest excitement.

### Lynch Negro Murderers

Tunica, Miss., Sept. 14.—[Special Telegram].—A mob early this morning broke into the jail and took Wilbur Brown, Frank Brown and David Moore, colored murderers and lynched them. All killed white men.

## LI HUNG CHANG LEAVES FOR PEKIN

Washington, Sept. 14.—[Special Telegram].—Li Hung Chang left Shanghai this morning for Tien Tsin and Peking according to Wu's advices. Chaffee cabled under yesterday's date some unimportant matters. The telegraph is in good shape now.

## IS LIKELY TO KEEP PETTIGREW QUIET

COL. ROOSEVELT LED HIS REGIMENT AT SAN JUAN.

A Cowboy At Sioux Falls Was. In the Battle and Says Teddy Did Lead the Charge—H. C. Payne Gives Reasons For the Quiet Campaign.

Chicago, Sept. 14.—Vice Chairman Payne of the Republican National committee was chuckling yesterday over a letter from Sioux Falls, S. D., describing an incident of the recent visit of Gov. Roosevelt to the town. "I guess it will keep Senator Pettigrew quiet for a little while with his story about Roosevelt at San Juan," remarked Mr. Payne after he had read it.

Sioux Falls is Senator Pettigrew's home and the senator recently said in a speech there that Colonel Roosevelt did not lead his regiment at San Juan Hill, but was six miles in the rear. At the recent Roosevelt's meeting in the town many of Colonel Roosevelt's old regiment came to greet him, some of them from quite a distance and one Rough Rider traveling 150 miles. This particular cowboy heard of Senator Pettigrew's utterances for the first time while in Sioux Falls, and, mounting his horse, he would ride up to a street corner and issue this challenge.

### He Saw the Fight

"Ladies and Gentlemen: I have heard there are people in this town who say Colonel Roosevelt was away in the rear at San Juan and did not lead his regiment in the charge we made that day. I was in that regiment and followed Colonel Roosevelt up that hill. My Captain was killed and several of my company. I saw that fight. I was in it. Whoever says Colonel Roosevelt did not lead the regiment in that charge is a liar, a scoundrel, a coward, and dare not tell me so to my face."

Then he would wait a minute, then ride to the next block and repeat the same challenge.

### Reasons for Quiet Campaign

When Rice Chairman-Payne was asked the reason for the quietness of this campaign as compared with the same time in 1896 he said:

"In the first place, there never was a campaign in which the people took so much interest as they did in the one four years ago. But another important reason is that both President McKinley and Mr. Bryan have been constantly before the people for the last four years, and the campaign has been practically going on all the time."

Senator Hanna will speak in Delhi, Ind., tomorrow evening. He will leave Chicago on a noon train and return on Sunday morning.

## STRIKE OF MINERS IS ALREADY ON

Men in Many Anthracite Collieries Do Not Wait for Monday Before Quitting Work.

Indianapolis, Sept. 14.—[Special Telegram].—The miners' organization is well pleased with the manner in which the public received the anthracite strike announcement. President Mitchell regrets the efforts of politicians to make capital out of the strike. He says the struggle in which one hundred and forty three thousand families are involved should not be given a political twist.

### Miners Idle at Scranton.

Scranton, Pa., Sept. 14.—[Special Telegram].—Though the strike does not officially begin till tomorrow night, the men quit in hundreds as fast as the

powder stock is used up. Seven big mines are idle today.

### Strike Is On Already.

Scranton, Pa., Sept. 14.—The great anthracite miners' strike began today, although the order calling out the men is not effective until Monday.

Few mines are in operation here today and mine leaders are actively engaged in making preparations for a prolonged siege. Miners at Bellevue and Dodge, two big collieries operated by the Lackawanna railroad, refused to work today. At the Jermyn mines non-union men were prevented from working. National Officer Dilcher says:

"The strike is now on, and I want to say that we will win, if it takes two years to do so. We shall be victorious, there is no question about that."

"We have given operators every opportunity to make concessions and prevent a strike. They have ignored them all. We exhausted every means to accept a settlement without resorting to a strike. We did everything in our power to avert the strike, but it was of no use."

Orders were issued today for a street parade and a monster mass meeting tomorrow, when addresses will be made by labor leaders of national prominence.

It is expected that not a mine will operate tomorrow anywhere between Forest City and Shickshinny in this district. The United Mine Workers' officers here will not restrain the men from immediate action. They are assured that on Monday next there will be a complete response to the strike order.

From Shamokin comes the news that the miners will keep the collieries in operation until Monday, but that 14,000 men will be idle within a week.

## ALL THE REPORTS ARE ENCOURAGING

WISCONSIN IS SAFE FOR REPUBLICAN TICKET.

Only One County in the State Says Chairman Bryant of Which There Is Any Doubt At All—G. O. P. Leaders in Conference in Milwaukee Yesterday.

Milwaukee, Sept. 14.—"From all the reports that we received this afternoon, and they practically covered the entire state, there is only one county in Wisconsin in which the prospects for a republican victory are not more than favorable and even in that one the outlook might be a great deal worse."

This was the way that Chairman Bryant of the republican state central committee summarized the results of the conference which was held yesterday afternoon between the members of the committee and party leaders from all parts of Wisconsin.

### For an Overwhelming Victory.

Chairman Bryant's sanguine summary was not more enthusiastic or hopeful than the expression gained from others who attended the gathering; for the universal opinion was that the outlook for an overwhelming victory for the republican state and congressional tickets was never more encouraging. Mr. La Follette was present at the conference, and he was one of the few who refrained from making an address on the political prospects, though at the conclusion of the meeting he expressed himself as well pleased with the way things are moving.

### Assignments for La Follette

Chairman Bryant, Mr. La Follette and the committee secretaries will immediately lay their plans for the campaign speeches, and within a day or two they expect to have a schedule for the next three or four weeks completed. They have already decided that Mr. La Follette, opening the state campaign at Schlitz park next Wednesday, will speak Sept. 20, at Fond du Lac, Sept. 21 at Sheboygan, and Sept. 22 at Manitowish; while the week following his dates will include Kewaunee and Waupaca.

The other speakers of whom there are a large number at the committees' disposal, will be assigned without delay, and the result will be that by next week the state campaign will be in full swing.

### Some of the Speakers.

Apparently Mr. La Follette is preparing for a whirlwind close of about thirty days. This will mean speeches at the rate of several a day and his territory will include every county in the state.

Others who have notified the committee that they can be depended on to make speeches are the following:

Senators J. V. Quarles and J. C. Spooner, M. B. Rosenberry, C. J. Smith, S. T. Walker, John W. Custer, Frank Belden, Henry Fink, H. C. Adams, C. E. Buel, Emil Baensch, H. K. Butterfield, H. E. Brown, H. P. Burdick, W. D. Corrigan, L. B. Caswell, Congressman John S. Eech, O. H. Fethers, W. H. Flatt, L. E. Gettle, C. H. Hamilton, Congressman J. J. Jenkins, M. King, W. C. Leitch, E. M. McVicker, J. J. McGillivray, George Nelson and B. J. Castle.

### Roosevelt Strikes a Blizzard

Summit, S. D., Sept. 14.—[Special Telegram].—Roosevelt's train was sidetracked at Aberdeen all night and ran into Webster this morning where it encountered a fierce northeaster, necessitating overcoats. The governor addressed a number of farmers and members of the First Dakota regiment, repeating the speech at Milbank later.

## BOER REPUBLIC NO LONGER EXISTS

Gen. Roberts Announces the  
Resignation of President Kruger.

## WARNS THE BURGHERS

They Must Now Surrender  
Under the Penalty of Additional Punishment.

## OOM PAUL UNDER PROTECTION

Preterria, Sept. 14.—[Special Cablegram].—General Roberts is circulating a proclamation announcing the resignation of Paul Kruger as president, "showing how hopeless the war is," and warning the burghers to surrender under penalty of additional punishment. Bulter Chasing the Boers

London, Sept. 14. (Special Cablegram).—Gen. Roberts reports that Bulter has arrived at Spitzkop where he has captured considerable supplies. Rundle is at Bethlehem.

The Boers attacked a company of engineers with an escort of nineteen Hussars on the Crocodile river. The engineers escaped but there is no news of the Hussars.

A strong force of Boer has abandoned the position commanding Gofwanan.

Hart has occupied Potchefstroom, capturing all the garrison except a few. Clements drove Delarey north to Magaliesberg.

Gen. Botha's ill health forces him to turn over his command to Viljoen at Nelspruit.

### Kruger Moves His Quarters

Lourenzo Marques, Sept. 14. (Special Cablegram).—President Kruger has moved from the home of Herr. Potts, the Transvaal consul general here, to the residence of the Portuguese district governor.

## BODIES LASHED TO THE BULWARKS

Large Steamer Floats By Jupiter, Fla., With Her Masts Gone—Could Not Be Reached.

Jupiter, Fla., Sept. 14.—[Special Telegram].—A large steamer with masts gone and many bodies lashed to the bulwarks floated by here this morning. The life savers were unable to board her.

## POPULATION IS 75,630,000.

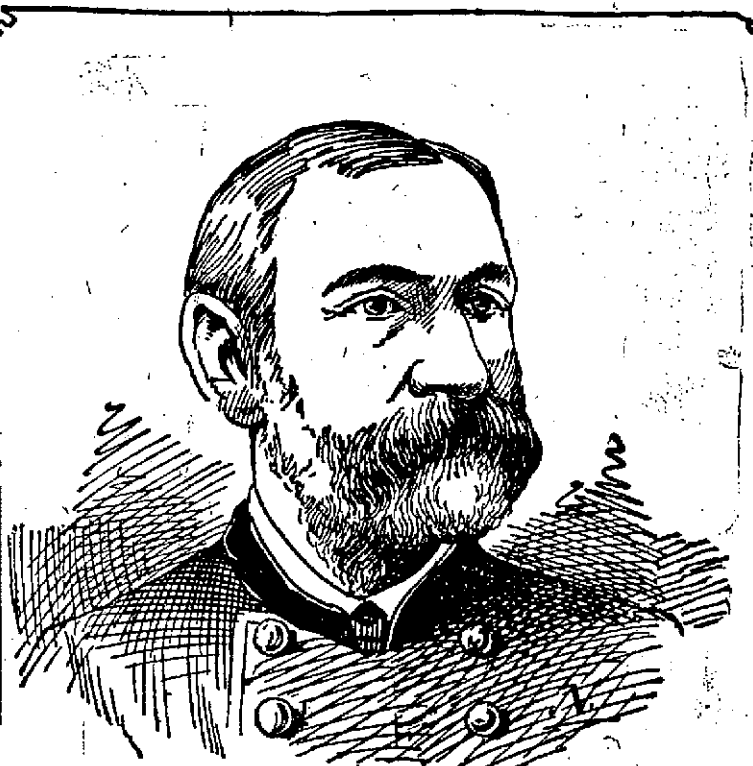

Census Clerks Make an Estimate on Returns Counted.

Washington, D. C., Sept. 14.—The clerks at the census office have completed the counting of 42,744,818 inhabitants, and have covered the returns of 29,945 enumerators. There were 53,000 enumerators, and thus the population of the United States, if the average is maintained, will be about 75,630,000. The following returns have been announced:

## COUNTY OF DANE LEADS IN TOBACCO

HAS 15,091 ACRES AGAINST 8,562  
IN ROCK COUNTY.

**How Farmers Should Handle the Rusty Leaf**—Indian Ford Mourns the Loss of Its Postoffice—James T. McAlpine Disappointed—Edgerton Social and Personal News.

Edgerton, Sept. 14.—The main topic for discussion among the tobacco men of this market is the Vernon county crop. Careful estimate by those who have recently returned from that section go to show that nearly one-half of the new tobacco has been contracted for at prices all the way from 7 to 10 cents to be delivered in the bundles. Of this amount Edgerton buyers have secured their share. In and about Edgerton a very large per cent of the crop has been shedded and by the close of the week only scattering lots will be left in the field. There is now and then heard a complaint of shed burn but the weather thus far has been most favorable for the curing of the leaf.

From statistics gathered by the Wisconsin Tobacco Reporter it is noticed that Dane county is by far the largest producing county in the state, the returns from there showing that the total acreage for the present season is 15,091. The returns from Rock county only show 8,562 acres. These figures are compiled from the assessors' reports and are not counted perfectly accurate.

The question is often asked what the growers expect to do with the rusty tobacco that some of them are harvesting. F. W. Coon in his "Note Book Sketches" has this to say on the subject:

"A good many people wonder what the growers expect to do with the rusty tobacco that some of them are harvesting. It is hardly possible they hope to deceive the buyers at selling time and by spreading it through the crop in such a way that it will not be noticed. The only safe way, we believe, is to keep the rusty portions entirely separate, and it would help sell their crop to keep it apart in the curing sheds even, so that the defect be fully understood and no deception practiced. It is pretty well understood that rusty tobacco is not merchantable leaf in the common acceptance of the term, and cannot be delivered under the ordinary contracts. The only safe way therefore, is to keep the damaged portions by itself and dispose of it on its merits."

From the little town of Indian Ford there comes a wail of despair. The rural free delivery system is about to rob them of their postoffice. Indian Ford has always been a wide open town, that is everybody was free to call at the postoffice and inquire of the genial clerk if the last mail in had brought them the long looked for letter? Most everybody in the Ford had a lingering habit of calling on the postmaster before they put out the lights at night and went to bed, and to be robbed of this pleasure will undoubtedly cause many a face to grow pale and haggard and smiles will be as few in that town as Bryan votes next November. Taking a postoffice from an inland town is akin to losing the best friend you have on earth.

One feature of the free delivery system, however may be consoling to the good people of the Ford. The man who is employed by your Uncle Sam to deliver the mail, is one of the most social, kind hearted and obliging fellows that the government ever employed. Everybody in the little town knows Mont Langworthy, and if they can't have their postoffice they will be glad to see him once a day.

James T. McAlpine and a company of fifteen people came to Edgerton to give a performance of "Hans Hanson" at Royal hall Thursday evening, but they did not perform, and for this reason Mr. McAlpine's face wore the expression of a funny picture in Puck or some other paper equally funny. Mr. McAlpine has the reputation of being a good actor, and the Swedish play, "Hans Hanson," gives him all possible opportunity to display his peculiar talent, but his trip to Edgerton was at the wrong season of the year; the state fair, the tobacco harvest, the various races and summer resorts occupying the attention of most of the citizens of Edgerton, and for this reason the sale of seats for the show was poor; so much so that it would not warrant Mr. McAlpine in filling his engagement here Thursday night. Should he return later, we'll treat him better.

Miss Inez DeVoll has returned to her home in Stoughton after passing a week with Miss Rasmund Whittet.

J. M. Conway has purchased the James Staflorn house in the Third ward. After several weeks passed with relatives in the East, Mrs. George Underhill and daughter returned home Saturday.

Fulton people have booked a lecture course of four numbers to be given during the coming winter and advertising matter is being prepared for the same. Ex-Governor Hoard will deliver the first lecture some time next month.

## PYTHIANS TO CARE FOR THEIR OWN

Ogden H. Fethers, Supreme Chancellor of the Knights of Pythias, has set a movement on foot to aid the members of the order who are sufferers from the recent storm in Texas. He said last night:

"Texas has 20,000 members of the order. If the state membership can handle the situation the Supreme lodge will not interfere, but this horror has been so great I think I will be under the necessity of calling for a general contribution from all the Pythians in the United States. That will be a special fund for this particular case."

Mr. Fethers left this morning for Chicago to attend to measures for relief. He expects to meet Mr. Downs, the Texas representative of the order there. The fund raised will be handled by the Texas Pythian domain.

### A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. ### Secs Doom of White Race.

Chicago, Sept. 14.—Prof. Starr, the noted anthropologist of the University of Chicago, reiterated his assertion that the American Indian will never become extinct, but will increase in numbers and be once more dominant when the physical forces now in operation shall have changed the white man into the Indian. This scientist believes the different white races of the United States are slowly converging to the type of the North American Indian. A lecture to the professor's class in ethnology was the occasion for this latest exploitation of his theory. In the belief that the white man will finally become the red man Prof. Starr stands almost alone, but he says that other modern anthropologists are coming over to his side.

Port Huron Elevator "Burned." Port Huron, Mich., Sept. 14.—The elevator plant of the McMorran Milling company, Port Huron and Northwestern Elevator company and D. McMorran & Co., was destroyed by fire, entailing a loss of \$225,000, fully covered by insurance. A train of cars was backed into the elevator and an effort made to save part of its contents, but the smoke forced the men to quit work. Wilbur Inslee, a business man, was injured during the progress of the fire by falling on the track.

## POPULAR PAIR AT CLINTON MARRIED

LOOMIS-WAITE WEDDING WAS  
A BRILLIANT AFFAIR.

Lawn Feast Followed the Ceremony Which Was Enjoyed By the Many Friends of the Happy Couple—Clinton Social and Personal News and Notes.

Clinton, Sept. 14.—The home of Mr. Charles Loomis, our genial townsmen, one-half mile north of the village, was the scene of a charming wedding last Wednesday afternoon at 3 o'clock. The bride being the only daughter, Miss Mabel Loomis, a young lady who has grown to womanhood among us and is held in high esteem for her womanly qualities. The groom, Mr. Burr Waite of Bradford is a young man respected for his upright character and is one of the promising young farmers of the community. The day was an ideal one and no more suitable place could be selected for the service than out under the trees with the blue vault of heaven as a canopy. Chairs had been arranged for the comfort of the guests. As the strains of Mendelssohn's wedding march played by Miss Alice Imman came floating out on the quiet air the couple, preceded by Dr. McChesney, the officiating clergyman, proceeded from the house out to an arch entwined with green that had been erected for the occasion under the outspreading branches and rugs had been placed straw with flowers, where the ceremony was performed in the presence of about one hundred guests. After hearty congratulations an elaborate luncheon was served the happy couple were taken to Darien, taking the 6:30 train for Milwaukee where they will spend a few days. Upon their return they will shortly begin housekeeping. The presents were numerous and valuable.

Mrs. Oleson has purchased Mr. W. L. Hamilton's farm, giving \$80 per acre. Mrs. Rogers went to Milwaukee, the first of the week to be present at the marriage of her son Frank Rogers.

Mr. and Mrs. Drummond left Tuesday for Sharon where they will take charge of the putting up of the telephone lines of poles, having completed the work here.

George Crane is quite sick up in Manitoba where he went to look after his large farming interests a couple of months ago.

Mr. and Mrs. E. O. Reigart of Beloit, came up to attend the Loomis-Waite wedding.

There are one hundred and eighty-nine pupils enrolled in our high school, the senior class men being eleven. Miss Markle is substituting for Miss Foltz, who has been quite sick.

Miss May Morgan is spending the week with Mr. Tuttle before commencing her school at Union Grove.

The many friends of Miss Mayme Sherwood of Sioux City, Iowa, are well coming her among them once again.

Mr. Solon Cooper is enjoying a visit from an uncle, who is visiting here from Vermont.

Elbert Goodell is spending the week in Freeport, Ill.

Mrs. Emily Gates returns with Mr. and Mrs. Fred Park to their home in Lincoln, Neb., hoping the change in climate may prove to be a benefit.

Mr. and Mrs. C. M. Treat start Saturday for New York City, where they will visit friends for a time.

Miss Hattie Benedict addressed the missionary society of the Congregational church of Janesville Thursday afternoon.

Guy Woolston and family of Chicago, are taking a little outing, visiting relatives and friends.

Gentlemen:—I must say in regard to GRAIN-O that there is nothing better. We have used it for years. My brother was a great coffee drinker. He was sick and the doctor said he was the cause of it, and told us to use GRAIN-O. We got a package but did not like it at first, but now would not be without it. My brother has been well ever since we started to use it. Yours truly, LIZZIE SCHOR.

Notice to Contractors. Bids are now ready to be received for the carpenter work on the Porter & Soverhill warehouse to be erected on West Milwaukee street, the same to close Tuesday noon, Sept. 18. The owners reserve the right to accept or reject any or all bids.

## DEATH CLEARED OF MYSTERY

L. A. Rose's Demise Shown to be Result of Heart Trouble

Milwaukee, Wis., Sept. 14.—Yesterday's developments cleared up the mystery that that surrounded the sudden death of Lester A. Rose, secretary of the Valley Advancement association and known as a promoter throughout Wisconsin, who died Wednesday night above the Weber & McLaughlin restaurant, 440 East Water street.

It appeared that a bottle containing strychnine tablets was found in the pocket of the dead man's coat. One who knew Mr. Rose intimately says that the deceased was in the habit of taking the drug in order to strengthen his heart action.

A post-mortem examination held in the undertaking-rooms showed that death had resulted for organic heart disease.

Mrs. Rose is here with her mother, Mrs. E. Elliott of Chicago. The interment will be at Madison.

### WONDERFUL CURE OF DIARRHOEA

A Prominent Virginia Editor Had Almost Given Up, But Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy—Read His Editorial.

[From the Times, Hillsville, Va.] I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. ## MISSION WORKERS HOLD A MEETING

Members of the Woman's Missionary societies, the Laoni Band, and the Covenant club, the leading missionary societies of the Congregational church held a joint meeting yesterday afternoon and listened to a talk by Miss Walker of Milton on missionary work. It was expected Miss Benedict of Japan would be here but on account of illness she was unable to attend.

Mrs. L. C. Hedges presided at the meeting and brief remarks were made by Mrs. R. C. Denison, Mrs. W. S. Jeffris and Miss Little of Oberlin, Ohio. Mrs. Van Aiken led in prayer and the musical program included a solo by Miss Belle Angell and a duet by Mrs. A. O. Wilson and S. B. Lewis, both prettily rendered.

Touching tributes were paid to the memories of the late Mrs. Jeffris and Mrs. Cuckow.

After the meeting an appetizing supper was served.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood-Bitters regulates the stomach and bowels.

## FIGHT WITH WOMAN ON ROOF

Katherine Conlin Struggles with Her Rescuers.

## INSANE AND WELL ARMED.

Domestic in Chicago Becomes a Maniac and Armed with Knife and Pistol Sifts Danes Along the Narrow Cornice, Slugs Gaelic Songs and Smashes Windows.

Chicago, Sept. 14.—In the sight of a crowd of 800 people firemen Detmont and Kelly and Policeman O'Brien fought with Katherine Conlin, a domestic employed by T. R. Waddell, 3831 Michigan avenue, who had become suddenly insane during the day. The contest was on a sloping cornice, eighteen inches wide, surrounding the third-story windows of the Waddell residence. It finally came to an end when Policeman O'Brien succeeded in passing a rope around the ankles of Miss Conlin and the two firemen managed to wrest from her the butcher knife and poker with which she was armed. Other firemen pulled her to the roof by means of the rope around her ankles. Even then the crazy woman gave the city employees so much trouble that she had to be strapped to a chair and lowered from the roof by means of ropes. Afterwards she was quieted and taken in a patrol wagon to the Mercy hospital. Before the insane woman had been taken from the sloping cornice she had performed a series of insane antics which had attracted a great crowd of people. With her poker she had broken every piece of glass in the third-story windows in the Waddell residence. After breaking the glass she executed several dances, and sang, or rather shouted, several Gaelic songs. For half an hour she eluded the efforts of policemen to capture her, and it was only when the firemen arrived and brought their apparatus with them that she was captured. No reason has been assigned as a cause for Miss Conlin's insanity. It is believed, however, that it was induced by homesickness. She has been in this country for but a year, and during that time she has talked constantly of her home in Ireland, which some trouble she refused to divulge, forced her to leave.

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road-bed for that reason is rock-balled. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

It dulle the scythe of Father Time drives away wrinkles and approaching old age—the elixir of life, that puts hope in the human heart—Rocky Mountain Tea. Smith's pharmacy; kodak agents, next to postoffice.

Negro Driven from Ohio Town.

Delaware, O., Sept. 14.—A colored man named Beck, accused of exercising a hypnotic influence over a white girl, was forced to leave town by a crowd of 200 angry citizens, who gathered about his house and threatened to lynch him if he remained. Beck went to Columbus, but said he would return, and it is feared there will be trouble if he does.

Schooner Weathered Gale.

Kenosha, Wis., Sept. 14.—The wrecked vessel sighted of Kenosha proved to be the three-masted schooner Penobscot of Chicago. She has been towed to Milwaukee with her crew of five men, all safe, on board. The vessel lost her rigging in the great gale of Tuesday evening, but her hull is reported in tact.

There are never any external signs of Cancer until the blood is polluted and the system thoroughly contaminated by this deadly virulent poison. Then a sore or ulcer appears on some part of the body; it may be small and harmless looking at first, but as the cancerous cells form and are deposited by the blood near the sore, it increases in size and severity, with sharp shooting pains. No matter how often the sore is removed by the surgeon's knife or flesh destroying plasters, another comes and is worse. The real disease is in the blood, and the treatment must begin there. The poisoned blood must be invigorated and purified, and when this is done cancerous cells can no longer form and the sore will heal naturally and permanently.

Mrs. Sarah M. Keesting, 94 Windsor Ave., Bristol, Tenn., writes: "I am 41 years old, and for three years have suffered with a severe form of Cancer on my jaw, which the doctors said was incurable, and I had given up all hope of ever being well again, when my druggist, knowing of my condition, recommended S. S. S. After taking a few bottles the sore began to heal, to the surprise of the physicians, and in a short time made a complete cure. I have gained in flesh, my appetite is splendid, sleep is refreshing—in fact, an enjoying perfect health."

SSS overcomes this destructive poison and removes every vestige of it from the system, makes new, rich blood, strengthens the body and builds up the general health.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Drying preparations, simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

## CUBA AND UNITED STATES.

Some of the European papers are expressing surprise at the action of the McKinley administration in making preparations to have a constitutional convention in Cuba, which will be held some time this fall, and which will frame an independent government for the Cubans. Europe, judging the United States by itself, assumed that Cuba would be held by this country permanently. Leading journals in London, Paris, Berlin, St. Petersburg and other foreign political centers have been saying all along that Cuba henceforth would be an American dependency.

The St. Louis Globe Democrat argues that this shows that the American people, especially the dominant republican portion of them, are not quite so well understood in the Old World as they ought to be. The American people promised, in the action taken by congress which formally recognized the existence of war with Spain, that Cuba would be permitted to form an independent government for itself after it was emancipated from Spanish rule, and the republican administration, with the sanction of the republican party, as expressed in the platform of its national convention, is going to carry out that pledge in its letter and spirit. If the Cubans, in taking action on the work of their convention, decide in favor of independence, the American troops will probably be out of the island by the early part of 1901.

Of course, there is a chance that Cuba will eventually become United States territory. In the first place, it is not absolutely certain that a majority of the Cuban voters will declare for independence, though the probability is that they will. In the second place, the coming independent government, if one is erected, may not please the majority of the Cubans, and in that case it will be easy for them to vote for annexation, as the Hawaiians did. In any case, American influence will always be powerful in Cuba. Practically the whole of the American residents of Cuba want annexation now. An immense majority of the Germans, English, French and other foreigners in Cuba stand with the Americans on this issue. Probably a majority of the Spanish residents of the island do also. The business interests of Cuba will always favor the American connection. Independence for Cuba is probable at the outset, and then if independence proves to be a failure, as it has been in some of the other Latin-American countries, the Cubans will have a ready way of making this fact known to the world and of joining the American republic. The United States will always be ready to receive them.

## OUT OF THE BUREAU DRAWER.

The McKinley administration has not sought to avoid one of the many emergencies, which have developed since its inauguration. Are the voters prepared

to place the affairs of the government in the hands of a political party that is trying to evade its own platform?

The Hon. Charles A. Towne has been nominated to reply to the speeches of Governor Roosevelt. The chances are that he will be compelled to execute another withdrawal before the close of the campaign.

Calvin Titus, one of Uncle Sam's soldiers, has earned the everlasting disapproval of the political growlers by being the first man to scale the wall at Pekin.

Before offering any further advice to the American voters Senator Lopez, the Tagal advocate of Mr. Bryan, should recall the case of Sackville West.

The democratic managers are said to have noticed no particular demand, as yet for 16 to 1 literature. Every one understands all about that question.

The export trade of the South, over \$400,000,000 in the last year, is more than one-third of the export business of the whole country.

Hiding its broken promises of 1896 and making new ones in 1900 is occupying all of the time of the democratic party.

When Mr. Bryan was a member of congress he tried to paramount free trade. Now he is for free soup.

## ARIZONA KICKLETS.

Items of Interest From a Very Lively Center.

[Copyright, 1900, by C. B. Lewis.]  
An individual named Harrison Cox of Lone Jack made us an hour's extra trouble the other day. He had cause to believe that The Kicker had libeled him, and instead of paying us a call with a gun in either hand and settling the matter in five minutes he sneaked into town and employed a lawyer to bring suit for \$50,000. This obliged us to call on the lawyer and round him up into a corner of his office and ask him what he was going to do about it, and it took him half an hour more to withdraw the suit and collect the costs of Cox. We occasionally libel folks, as our aim is to keep at the top, but we always figure that a man who is a man will come bustling in and take a snap shot at us if things hurt his feelings. Mr. Cox displayed very poor judgment.

The report that Judge Bateman was held up the other day while returning from Lone Jack turns out to be true. The robber had two guns and a yell, and his honor didn't stop to argue legal points before throwing up his hands. He was relieved of \$27 and a watch, but before being allowed to proceed the man with the guns made him repeat the Lord's Prayer and sing a song. The judge feels that he has lost any amount of dignity by the transaction, as he couldn't remember more than half the prayer, and the man was mean enough to tell him that he sang like a crow. The sheriff is out with a posse, but the fellow has probably made good his escape. M. QUAD.

## Chinese-American Farmer.

Willie Sing, an Americanized Chinese of Bristol, Conn., has an acre and a half of land, on which he raises Chinese vegetables. The heads of lettuce he raises weigh almost ten pounds each, and resemble cabbage, only that the leaves are more tender. He also raises a variety of beans, the pods of which measure ten inches in length. Willie cultivates a clinging vine, supported on poles, the leaves of which are shaped like summer squashes, and the vegetables look like American gourds. These furnish the basis of Chinese soup, and bring a good price in the market. He raises citron, ginger root, and numerous other Chinese market vegetables, for which he finds a ready market in the cities of Connecticut.

Down Goes the Price

An Honest Proposition made for One Week by

Mr. and Mrs. Gray,

The World's Famous

Clairvoyants

Known throughout the entire world as the Mystery of Two Hemispheres.

NOTE—As Mr. and Mrs. Gray expect to remain here in Janesville seven or eight weeks longer, they appreciate that a personal visit from the citizens of this city will do more to advertise and recommend them than columns of self praise, therefore they make the following fair offer to all those calling at once. They will give you a Full Reading, consisting of telling your name in full, names of friends, enemies or rivals, who and when you will marry, whether husband, wife or sweetheart is true or false. In fact, they tell you every hope, fear or ambition—you tell them nothing—they tell you, for the

Low Fee of 50c.

Advice given upon all points of interest, such as Love, Courtship, Marriage, Divorce, Health, Business, Lawsuits, Speculation, and transactions of all kinds. In fact, no matter what may be your hope, fear or ambition, come to these gifted Clairvoyants and find help.

## ARE YOU IN LOVE?

If so, do you find the one you have bestowed your affections and trust upon acting COOL and INDIFFERENT? Has a rival or a stack of any kind crept between you and your future hope or has a demon—rum—assailed the quietude of your happy home? If so, come at once to these gifted clairvoyants and find help. They will guarantee to tell you the names of your rivals, also, will tell you how to win your heart's desire quickly and overcome your rivals or obstacles existing between you and your future happiness.

## ARE YOU IN TROUBLE?

Do you find, with all your natural gifts and talents, that you are baffled, discouraged and unsuccessful? If so, come and be advised; find out the cause of your bad luck and how you can change your bad conditions to those of success, joy and happiness. Thousands live today to bless and give credit of their success and happiness to these wonderful clairvoyants. They have helped others—why not you?

## THEY NEVER FAIL

To cause speedy and happy marriages with the one of your choice; reunite the separated, locate absent friends or buried treasures; give you luck to win your biggest wish; overcome bad luck and sorrow of all kinds, and it never takes them but a very short time. In fact, they guarantee everything they claim—and you pay nothing until you have received value in full. Is this not honest? Could anything be fairer?

No money accepted in advance nor do you pay a cent unless you are absolutely satisfied. Has this not honesty upon the face of it? Parlors quiet and retired.

55 Dodge Street.

N. B.—This low fee will be extended for one week only; after that as always—\$1.00 and \$2.00. Also, no one person will be entitled to more than one reading at this low price.

Christiania, The Goller.

## TWO EXCELLENT CIGARS

## WORLD HAS RARELY SEEN IT EQUALED

### HEARTS OF PEOPLE TOUCHED BY THE TEXAS CALAMITY.

Magnificent Offerings From All Parts of the Country Pouring Into Galveston—\$750,000 Has Now Been Contributed—Gov. Sayers Says \$1,500,000 Will Be Needed.

For the relief of the sufferers of Galveston the American people have joined in a great offering of money, of supplies and of personal services such as the world has rarely seen equaled. Already hundreds of thousands of dollars in cash have been contributed and relief trains from cities as remote as San Francisco and New York are speeding across the continent on their errands of mercy. The hearts of people in every walk in life have been touched by the calamity. Great corporations and millionaires have given their magnificent offerings. Andrew Carnegie has contributed \$10,000, while the Carnegie company and the Standard Oil company have duplicated the gift, and the Acheson, Topeka and Santa Fe railroad has given \$5,000. With these gifts have gone the mites of the men of smaller wealth.

The cities of the land have hurried with their aid to their stricken sister city, and the rush of the gifts does not seem to have reached its height. As far away as Paris the American residents have organized for relief work, and among them they contributed \$10,000 in fifteen minutes, with more to come. Indeed, Frenchmen and Englishmen as well as Americans have been stirred to help the victims of a far away hurricane.

In the churches of the United States contributions will be almost universally made next Sunday for the afflicted of Galveston. Roman Catholic bishops, Protestant ministers and Salvation Army officers have equally joined in the appeal for charity. Governors of many states have moreover summoned their citizens to make contributions.

Governor Sayers announced that at least \$1,500,000 will be required for relief work. Ten thousand persons in Galveston are absolutely destitute and many thousands more nearly so. Contributions amounting to \$750,000 have been received or pledged and provisions are flowing into Galveston, but not in adequate quantities.

The Gazette Galveston fund is still open for subscriptions. It now stands as follows:

J. M. Bostwick & Sons, \$25  
Gazette Printing Co., \$5  
Coca Baking Co., \$5  
Whithead & Matheson, \$2  
Mrs. R. J. Knott, \$1

## REHBERG'S STORE OPENS TOMORROW

Clothing Stock Second to None—Store a Model One in Every Respect.

One of the most complete clothing stocks ever offered the citizens of Rock county will be placed on the market tomorrow by the local well known firm of Amos Rehberg & Co. For the past three years the firm of Rehberg & Company have conducted a shoe store on the bridge in the former Becker & Woodruff stand. By giving the best of goods at the lowest prices they have built up a trade second to none in southern Wisconsin. By these same methods they intend to interest clothing buyers. For the past two weeks Mr. Rehberg has been in Chicago and the eastern market. The result has been the purchase of the latest effects in genteel clothing and furnishing goods. This large purchase will be placed on sale tomorrow in a model store that has been refitted throughout. The new store is located on the bridge adjoining the shoe store, an arch having been built connecting the two stores. Many friends will join in wishing the firm success in their new undertaking.

## CHILDREN SENT IN THE ALARM

An alarm of fire was turned in at five minutes to four yesterday afternoon from box 444, located at the corner of Armour street and Eastern avenue. The fire department responded in quick time. When they arrived at the box there was no sign of a fire to be found in that vicinity. The box which is located in an out of the way place, had the key left in the door and some children opened the door and sent in an alarm. If the key had been kept in the case and not left in the box, the department including the fire steamer would not have had to make the long run.

## FROM THE FOREMOST MAKERS

Every day brings us shipments of so many things in the ready-to-wear line. One of the firm is now in the New York market and the result is seen already in the showings of tailor made suits, walking skirts, silk waists and other line of garments for which our department is unquestioned headquarters. One purchase comprises a lot of about fifty strictly high class suits, mostly silk lined throughout. Regular values would be \$40 to \$60 but on sale \$25 to \$35 and no two alike. Other suits down to \$7.50 that are remarkable values and alterations free.

Early showings of fur scarfs, gaiters and wraps suitable for early fall wear. The regular line of fall coats and capes for women. Misses and children's will be along shortly, and as usual will be the leading and largest showing in southern Wisconsin. Archie Reid & Co.

## MISS ELLEN DOWLING JOINS THE MAJORITY

### Passed Peacefully Away at Her Terrace Street Home at 4 O'clock This Morning—Other Deaths

Miss Ellen Dowling, for many years a resident of this city, passed peacefully away at her home at 117 Terrace street, at 4 o'clock this morning. Heart trouble was the cause of her death.

She was sixty-three years of age at the time of her death, and had been a resident of this city for many years. Her kind ways and many womanly qualities had made for her a large circle of friends who will mourn her taking away. She leaves one sister, Mrs. Michael Dawson.

The funeral will be held from St. Patrick's church Monday morning at 9 o'clock. The interment will be at Mount Olivet cemetery.

Irene Mabel Kuchon.

Irene Mabel Kuchon, 12-year-old daughter of Mr. and Mrs. Louis Kuchon of 211 Prairie avenue, closed her eyes to the future troubles of this world yesterday noon. The little one was the joy of the family, and the parents are heart broken over their loss.

The funeral will be held from the house Sunday afternoon at 2 o'clock and from St. Paul's Lutheran church at 3 o'clock. The Rev. C. S. Koerner will officiate. The interment will be at Oak Hill cemetery.

Mrs. Michael Mulcahey.

The funeral services of the late Mrs. Michael Mulcahey were held from St. Patrick's church this morning. The Rev. Dean McGinnity officiated. The interment was at Mount Olivet cemetery.

The pall bearers were: Michael Gagan, Patrick Joyce, Dennis Barry, James Courtney, I. F. Connors and Michael Fory.

Willis Griswold Funeral.

The funeral services over the remains of little Willis Griswold was held from the home of his mother 57 Mineral Point avenue, this afternoon at 2 o'clock. The Rev. R. C. Denison officiating. The interment will be in Oak Hill cemetery.

TRINITY PARISH IS

FREE FROM DEBT

Over \$2,000 Worth of Improvements Added to Rectory and Church During the Summer.

During the last year improvements costing in the neighborhood of \$2,000 have been made in the property of Trinity church parish.

The church and rectory have been repainted on the outside, and the church redecorated on the inside. The inside decorations of the church are of different shades of terra cotta, which gives it a very handsome appearance. The designing for the interior decoration of the church was the work of an expert decorator, from Milwaukee, the work being done by Willard Coleman of this city, under his supervision.

A handsome oak altar has been placed in the church and the old marble altar removed to the chapel. Eight handsome brass candlesticks the gifts of different members of the parish have been added to the interior furnishings of the church.

A new furnace has been placed in the church and a new furnace and bathroom added to the rectory. The floors in the church have been restained and the aisles furnished with rugs in place of the carpet which heretofore covered the floors.

About two-thirds of the large basement under the church has been remodeled and made into a commodious kitchen and society room. The basement is now used by the different societies for holding meetings, suppers, entertainments and general church work.

The parish is entirely out of debt and start on a new year of church work with renewed vigor.

World Frequently Rebuilt.

Abram S. Hewitt of New York says that the world is built three times in a century. He says: "It is, of course, not to be expected that the 'sky scrapers' of today will be supplanted by others within the third of a century, but the general advance in the world and the progress of civilization are of such magnitude that, broadly speaking, it is true, as I stated, that we rebuild the world about every thirty-five years."

Lord Hopetoun.

Lord Hopetoun, the first governor-general of the Australian commonwealth, is a descendant of John de Hope, who, in 1537, came over to England from France in the train of the queen of James V. The first earl was Charles Hope, whose father, John Hope, was drowned in the wreck of the frigate Gloucester, on which a number of persons of distinction had embarked with the Duke of York in 1682.

## HENRY D. MCKINNEY VIEWS STATE FAIR

### Says the Racing Program Was Badly Managed and There Was Dissatisfaction Among Visitors.

Henry D. McKinney, the well known Janesville horseman went up to Milwaukee yesterday to attend the state fair. This is what he thinks about it:

"The large and generous attendance at the State Fair yesterday, from twenty to twenty-five thousand, was a flattering expression of the country people to the State Fair and of the interest they still feel in its success.

"The exhibits in all departments this year are large and in most departments meritorious. Janesville is well represented in the horse department, Messrs. Galbraith, Steriker and McLay being large exhibitors in draft and hackney breeds.

"The principal feature, of course, is the racing department. Before one thirty yesterday the immense grand stand was filled to overflowing. The fields of horses starting were large and the races were well contested furnishing high class sport and excellent entertainment while the heats were being contested, but the delay between the heats was wearying, exasperating and inexcusable. The conduct of the racing department was bad and the starting ragged. An idea can be formed of how the races dragged along. The first race, the continued 2:17 class, being called at 10 in the morning and at 3:30 in the afternoon completing over five hours continuous racing to finish six heats.

"There was a large delegation from Janesville Thursday morning many expecting to remain two days but the racing management was so bad that one day was all they could endure. On the return trip nothing but expressions of dissatisfaction could be heard from among the crowds of passengers at the manner in which the races were conducted.

"Milwaukee society was out in full force. Many of the turn-outs being very swell and well appointed.

"The society derby, a dash of a half mile was touted as a drawing card but it was run in fifty-five seconds and as fifty to fifty-one is county fair time, comment is unnecessary.

"With one more pleasant day like Thursday which was ideal, the fair will scarcely be a pecuniary success.

"If the fair wishes to claim the support of its country patrons they will have to pay more attention to the speed department."

TWO DEMOCRATS

IN A QUANDRY

Adoption of the Pink Carnation as Republican Campaign Badge a Hardship to the Bosses.

Since the republican party has adopted the pink carnation as the party emblem, Cornelius Buckley and J. L. Mahoney are seriously considering the question whether it is better to give up the flower or the democratic party.

## DEAD GIVEN TO THE FLAMES

Work of Bringing Order Out of Chaotic Ruin.

## PRESSING NEEDS SUPPLIED.

Area of Fully Thirteen Hundred Acres So Badly Damaged That Rebuilding Will Be Necessary—Nearly All Churches Gone.

Galveston, Tex., Sept. 14.—Cremation continues. Four hundred bodies, mostly of women and children, were given to the flames. They were unrecognizable and a horror to the eye and nostrils. Many were gathered from the surf, others found in the wreck of homes and still others in the sandy plain, where once stood the best residences in the city. Fires were most numerous in the west end, where the loss of life and property was greatest. The odor of burning flesh has been added to the horrors, but there is no other feasible disposition of bodies. Decomposition had advanced to such a stage that handling bodies is almost impossible. From ten to twenty bodies are collected by each squad and thrown into the highest wreck. Kerosene and petroleum are poured on and fire started. Occasionally the blaze is not sufficient to fully consume the remains. When this occurs more wood is thrown on the fire, until nothing but whitened bones remain on the ashes. These bones are being collected and will be buried in one grave.

Forty Buried in One Trench. Forty bodies were gathered on the beach, a sand trench dug, which was lined with wood. The dead were placed on the wood and then covered with debris and saturated with oil. The trench was next set on fire and kept burning until all was consumed. There is little burning on the bay side, as it is considered dangerous. Piles of wreckage still remain on that side, from which comes the nauseating stench of the dead. General McKibben, who introduced the burning, favors setting fire to the wrecks on the bay side and taking a chance that the fire will not spread. The dead have nearly all been collected from the central portion of the city. The western portion, the beach, and Virginia Point are still giving up victims. The general impression is that almost 500 of the bodies buried at sea have been washed back upon the beaches. These bodies will probably keep coming back for weeks, as not one-half were tossed overboard with weights. Between Virginia Point and Texas City, on the mainland, the dead are still coming in with the surf. The Houston committee which has had charge of the burial reports that fully 200 bodies are still in the surf between these two points.

The condition of the destitute has improved during the last twenty-four hours. Food, ice and disinfectants have come in. Coffee, bread and bacon have been distributed. The government tents and rations from San Antonio arrived at Texas City, but owing to the lack of transportation have not yet reached Galveston. The tents will be pitched upon the beach far to the westward of the city, and those who do not care to leave Galveston will be provided for by the committee. The destitute are still in convents and public buildings. Several members of the United States hospital corps from San Antonio came in with the supplies and are of great assistance to the medical men in looking after sanitary conditions. Fraternal orders are sending committees with money and supplies for members. The Masons, Oddfellows, Knights of Pythias, Chosen Friends, Woodmen and Foresters are already on the ground.

All Robbery Stopped. Looting and robbery is practically all stopped by the arrival of regulars, who are acting under strict orders, and will allow no trifling.

Estimates made by men familiar with the town figure 1,300 acres as the area that rebuilding will be necessary. Nearly all the churches were destroyed.

## ROAD'S GIFT \$5,000.

Santa Fe Makes That Contribution for Texas Relief.

Chicago Sept. 14.—While subscriptions in wholesale quantities have been pouring into local centers established for the benefit of the sufferers in the storm-ravaged district of Texas, the earliest and largest from Chicago had not appeared on the lists. When the news first came from the Lone Star state and was verified, President E. F. Ripley of the Atchison, Topeka & Santa Fe railroad telegraphed to L. J. Polk, general agent in Texas, this short message:

"Tell Governor Sayers to draw on our fund for \$5,000."

Vice-President Norton made the announcement to-day and had to be coaxed into doing it. "We did not seek notoriety," was his explanation. Mr. Norton also announced that transportation would be furnished all doctors and nurses and others on errands of mercy who applied with official endorsement. Freight in the way of provisions will also be carried to the

southern state free of charge.

## ESTIMATED LOSS \$20,000,000.

Figures of Damage Mounting High—

25,000 Persons Homeless.

Galveston, Tex., Sept. 13 (via Houston, Sept. 14).—Property loss is mounting higher and higher as detailed reports are compiled. Many persons say the damage will reach \$20,000,000.

There are 25,000 homeless in the city to be taken care of, and it is a question whether Galveston can or will be rebuilt. There seems to be a disposition on the part of the leading citizens, however, to start resolutely where the storm left off and raise a new city from the ruins of the old. Estimates of the number of dead still vary. Mayor Jones maintains his opinion that the number will be no less than 5,000.

## OFFICIAL STORM REPORT.

General McKibben Tells of Disaster at Galveston.

Washington, Sept. 14.—The war department has received the following telegram from Gen. McKibben, who was sent to Galveston to report on conditions there:

"Houston, Tex., Sept. 13.—Adjutant-General, Washington: Arrived at Galveston at 6 p. m., having been ferried across bay in a yawl boat. It is impossible to adequately describe the conditions existing. The storm began about 9 a. m. on Saturday and continued with constantly increasing violence until after midnight.

"The island was inundated; the height of the tide was from 11 to 13 feet. The wind was a cyclone. With few exceptions every building in the city is injured. Hundreds are entirely destroyed. All the fortifications except the rapid fire battery at San Jacinto are practically destroyed. At San Jacinto every building except the quarantine station has been swept away.

"Places Death List Very Low. "Battery O, First artillery, lost 25 men. The officers and their families were all saved. Three members of the hospital corps lost. Names will be sent as soon as possible.

"Loss of life on the island is possibly more than 1,000.

"MCKIBBEN."

## PLAN TO MOVE GALVESTON.

Many Persons Favor Building New City at Mouth of the Brazos.

Galveston, Tex., Sept. 12 (via Houston, Sept. 14).—The question is already being asked, "Shall Galveston be rebuilt upon the old site or shall other land be selected?" Many favor abandoning the wrecked city and moving to higher ground at the mouth of the Brazos river.

Quartermaster Baxter has reported to the war department that he believes Galveston is "destroyed beyond its ability to recover." He declares all government works, wrecked so restoration is impossible.

Ex-State Treasurer Wortham, who spent a day here investigating the situation, has reported to Gov. Sayers that 75 per cent of the city was demolished, and he gives little hope for rebuilding. He adds:

"The situation beggars description. I am convinced that the city is practically wrecked for all time to come."

More Optimistic Views. But others take an opposite and a more optimistic view. The Galveston News, in an editorial this morning, says:

"Galveston shall rise again.

"If we have lost all else we still have life and the future and it is toward the future that we must devote the energies of our lives. We can never forget what we have suffered; we cannot forget the thousands of our friends and loved ones who found in the angry billows that destroyed them a final resting place. But tears and grief must not make us forget our present duties. The blight and ruin which have desolated Galveston are not beyond repair; we must not for a moment think Galveston is to be abandoned because of one disaster, however horrible that disaster has been.

"We have our homes here, even if these homes are in ruins, and if we loved Galveston before, how much stronger must that affection be, and how much more sacred it must be when we think of our loved ones, whose dust, consecrates not only the land, but the very waves which lash its shores.

"We will bravely undertake the vast work of restoration and recuperation which lies before us in a manner which shall convince the world that we have spirit to overcome misfortune and rebuild our homes. In this way we shall prove ourselves worthy of the boundless tenderness which is being showered upon us in the hour of desolation and sorrow."

## FORTY-TWO ORPHANS PERISHED.

Home for the Friendless Swept Away with All Its Occupants.

Galveston, Tex., Sept. 12 (via Houston, Sept. 14).—The home for homeless children, located in the southwestern end, is completely demolished. The matron, Mrs. Hard, and her various assistants and forty-two little children, perished. H. J. Labatt, wife and daughter, and his son, J. A. Labatt, and wife and family are missing. The Labatts were of a prominent family and have relatives throughout the union. Lucien Mingo, prominent real estate man,

is among the dead. Hundreds of incidents of the above nature could be given.

Reports received from near-by coast and mainland towns say the coast for miles inland is covered with bodies.

## Twenty-One Relatives Dead.

La Junta, Col., Sept. 14.—C. J. Sealey, a young man of Galveston, Tex., who is in this city, has received a telegram from the mayor of Galveston, informing him of the death of twenty-one of his relatives, among whom are his mother, two sisters and three brothers. The young man said that he did not believe he had a relative left on earth.

## New York Subscribes \$52,000.

New York, Sept. 14.—Following are the subscriptions to date for the relief of the sufferers of the Galveston hurricane: Merchants' association, \$12,211; mayor's fund, \$2,235; Standard Oil, \$10,000; American Steel Hoop company, American Tin-Plate company and American Sheet Steel company, \$10,000; New York mercantile exchange fund, \$2,000; New York cotton exchange fund, \$3,600; New York produce exchange fund, \$6,000; Southern Pacific Railroad company, \$5,000; miscellaneous, \$1,850. Total, \$52,046.

## Aid Sent from Paris.

Paris, Sept. 14.—The first meeting of prominent Americans resident in Paris for the purpose of sending aid to the sufferers at Galveston was highly successful. The meeting was held in the chamber of commerce building and subscriptions amounting to more than \$10,000 were announced. Ambassador Porter, in announcing this result, said that it "testifies to the fact that Americans are ever to the front in all demonstrations of sympathy for their brothers in misfortune."

## Cleveland Raising \$15,000.

Cleveland, O., Sept. 14.—Cleveland is responding liberally to the appeal for help from Galveston. A special relief committee of the Cleveland chamber of commerce collected \$2,500 and authorized Gov. Sayers of Texas to draw on the treasury. Fully \$3,000 more was subscribed. It is expected that during the next few days \$15,000 will have been raised in Cleveland for the benefit of the stricken ones in Texas.

## Charged with Lese-Majeste.

Berlin, Sept. 14.—The Leipzig Tageblatt announces that a pamphlet, with the sensational title, "My Relations with Emperor William II.," by Countess Emily Elizabeth Wedel-Berard, the divorced wife of Count Hermann Wedel, has been confiscated by the Leipzig police on the ground of lese majeste. The pamphlet purported to make revelations regarding the affaire Dreyfus and the murder of King Humbert.

## Robs Confinement of its Pain

More children would be borne if the mother could be sure that the pains, worries and tribulations of gestation could be avoided.

"MOTHER'S FRIEND" (that marvelous lubricant) is unique in relieving and relaxing all the strained tendons and muscles, as well as the distended organs. There is nothing like it.

MRS. LUCINDA PASCHALL, Lambert, Ark., proves the above statement when she says: "I have had six children and was always in labor from twenty-four to thirty hours. This time I used only one bottle of 'Mother's Friend' with my seventh child and was in labor only about four hours. 'Mother's Friend' is just what it is recommended to be. I will never be without it again."

Sold by all best druggists or sent by express prepaid on receipt of price, \$1.00 per bottle. Book, "Motherhood," written for women of all ages, mailed free.

# GERMAN PLANS ALARM CHINA

Officials at Nankin Muster 3,000 Men.

SAYS PEACE TALK IS OVER.

Berlin Dispatch As-erts Li Hung Chang Has Abandoned Negotiations—Army to Winter in China—England Has No Plans to Announce.

Berlin, Sept. 14.—The Lokal Anzeiger has received the following from its Shanghai correspondent:

"It is announced from Nankin that the viceroy's apprehend action from Germany. The Taotai of Nankin has ordered 3,000 men mustered into service and the same number recruited among the salt smugglers, whose chief has been appointed commander of thirty war junks.

"The German protected cruiser See-ader passed Nankin with its decks cleared for action.

"Li Hung Chang has abandoned the peace negotiations because Prince Tuan is opposed to them. The mandarin recognizes only Prince Tuan's authority, fearing his vengeance.

"General Yung Lu is at Ta-Tung-Pi with the empress dowager, who refuses to leave that place."

London, Sept. 14.—A Times special from Peking, referring to the probability of Russia withdrawing her troops and legation from the capital, says:

"At the last meeting of the generals, the Russian commander announced that Russia would maintain 15,000 troops in China during the winter. The German commander said that Germany would keep the same number. The Japanese commander said Japan would have 22,000.

"The British general could make no announcement of his government's policy."

MANY CONVERTS ARE SLAIN.

Reported Massacre of Several Hundred Christians.

Yokohama, Sept. 12.—A Japanese officer at Chong, Korea, reports that two Japanese and several hundred Chinese and Korean converts have been murdered on the frontier by the Chinese.

A special dispatch from Shanghai dated yesterday says:

"The Russians failed after two attacks to take the Chinese fortifications at Peltang, north of Taku.

"Li Hung Chang declares that he is willing to negotiate for the restoration of Emperor Kwang-Hsu, but not for the punishment of Prince Tuan, Yung Lu or Kang-Yi (president of the board of war).

"Two Russian forces, one from the north and the other from the south, are operating in the direction of Kirin and Mukden. They have already occupied Haiching and have surrounded Liaohang.

"Prince Ching has informed Li Hung Chang that a certain power proposed four conditions to be accepted before agreeing to an armistice—the neutralization of Tientsin, the creation of Heh-lang-kiang and a buffer state, the placing by the powers of international garrisons at the treaty ports and the execution of the Boxer chiefs."

The Japanese have arrested the assassin of Baron von Ketteler, the late German minister to China. He was arrested for trying to sell to a Japanese officer a watch which he admitted taking from the body of Baron von Ketteler. He afterward admitted the crime, saying that the imperial government ordered the commission of the act.

Missionary Hodges Slain.

Washington, D. C., Sept. 14.—Minister Conger cables the state, department as follows:

"Hodges killed. Paotingfu."

Hodges was a Presbyterian missionary.

A troop of American cavalry sent to act as a convoy for cattle surprised 300 imperialists quartered at the Temple Shao at Peking. They killed thirty and captured 120 rifles. The enemy fled northward.

Prince Ching during the course of interviews with the ministers at Peking informed them that he was without power to negotiate and he cannot act without Li Hung Chang. An urgent request has been telegraphed Li Hung Chang asking that official to come to Peking.

Marquis Tsing states that nothing can be done until the arrival of the emperor.

A Peking dispatch says Col. Priet-koff's party yesterday engaged 500 The Boxers were armed only with swords and spears. The Russian cavalry charged on them, killing many of them with sabers. The change was made through the cornfield, and the Russians succeeded in killing the commander of the enemy's forces. The casualties among the Boxers are estimated at 200. A Russian officer was wounded and two Cossacks were killed.

20,000 Converts Killed.

Shanghai, Sept. 14.—During the month of July 20,000 native converts were massacred in the northern provinces. The women were subjected to unspeakable barbarities and in several cases the torture was prolonged for days.

Miss Palmer Is Safe.

Toronto, Ont., Sept. 14.—The China Inland Mission has received a cablegram announcing the safe arrival at Hankow of Miss Palmer of the American branch.

Sherman Is at Nagasaki. Washington, Sept. 14.—The war department has been informed of the arrival of the transport Sherman at Nagasaki, Japan, yesterday. The Sherman has on board one battalion each of the Second, Fifth and Eighth infantry. Major Borden of the Fifteenth infantry, who is in command, reports the condition of the troops good. The Sherman sailed from San Francisco, Aug. 21. She will proceed to Manila.

Storms in Southern Seas. Port Townsend, Wash., Sept. 14.—Private advices from Port Stanley, Falkland Islands, under date of July 23, say the ship Henry Failing, Capt. Matthew, arrived at that place in a leaking condition with the crew badly frostbitten. She had experienced a succession of storms, accompanied with sleet and ice. Some of the crew were prostrated.

Diphtheria in South Bend. South Bend, Ind., Sept. 14.—Two hundred cases of diphtheria exist in South Bend today, and the epidemic has frightened citizens so that they dare not let their children out of their homes. The public schools have been closed and will remain so until there is a decided improvement in the situation.

Rich Catch of Whales. San Francisco, Sept. 14.—The first news of the winter catch of the whalers has been received. It came from the steam whaler Balena, which had not been heard from since she went into winter quarters. Twenty-five whales was the result of the winter's work.

James H. Fouke Is Dead. Bloomington, Ill., Sept. 14.—James H. Fouke, one of the old residents and most prominent men of Shelbyville, Ill., died here this morning, aged eighty-eight. He was the father of George Fouke, president of the Texarkana & Shreveport railways.

Later Returns from Maine. Portland, Me., Sept. 14.—Returns from all but thirty-six small towns give Hill (Rep.), for governor, a total vote of 72,412; Lord (Dem.), 30,313; Republican majority, 42,099.

## His Terrible Cough.

Few things are so depressing and weakening as a constant cough. Few things are as discouraging as a cough that will not yield to treatment. Dr. Pierce's Golden Medical Discovery cures coughs when all other medicines fail, because it is more than a cough medicine. The cough is but a symptom. "Discovery" makes new and pure blood, heals the lacerated tissues, and gives the body the needed strength to throw off disease. It cures the cough by curing the cause of the cough. There is no alcohol, neither opium, cocaine, nor other narcotic in the "Discovery."

"I had a terrible cough something over a year ago and could find nothing to stop it, or even to do me a particle of good," writes Mr. J. M. Farr, of Cameron, Screven Co., Ga. "I chanced to see an advertisement of yours, and forthwith bought a bottle of your invaluable 'Golden Medical Discovery.' Before I had taken half a bottle I was entirely well."

#### INVENTION OF PAPER.

Chinese Made It in the First Century of the Christian Era.

Paper was first manufactured by the Chinese in the first century A. D. Up to that time they wrote on thin slips of bamboo, the instrument employed being not a pen or brush, but a pointed tool. The books of these ancient days were made by cutting the bamboo, after removing the bark, into thin sheets, which were strung together so as to compose a fairly compact, though clumsy, volume. Later on it was found better to pound the bamboo to a paste in a mortar together with water, and the resulting substance was spread upon a flat surface to dry. This, in fact, was the first paper, in the modern acceptance of the term, though the Egyptian papyrus, made from a kind of reed that grew along the banks of the Nile, antedated it by several centuries. After a while the manufacture of this paper was improved by adding to it silk and other materials. The Tartars borrowed the art, substituting cotton, which was plentiful in their country, and from them the Arabs acquired it, using linen instead of cotton. It was in this way that paper-making was first brought into Europe, being introduced by the Arabs.

The Imperial band will accompany the excursion given by the C. M. & St. P. R'y to Kilbourne and the Dells, Sunday, Sept. 16th.
